

POWER PAK'R™

Air Cushion System

Total Modularity For Complete Control

FEATURES:

Easy to Use

Fastest Pack Times

RFID Technology

Versatile

Never Obsolete

Inventing the future of packaging

POWER PAK'R™ Air Cushion System

Ultimate: Faster Void-Fill

The POWER PAK'R™ system produces air cushions 60% faster than any machine on the market. Operating speeds are up to 16 cubic feet per minute (120 LF/min). Now your shipping operations can pack more boxes per hour, reducing labor costs per box shipped.

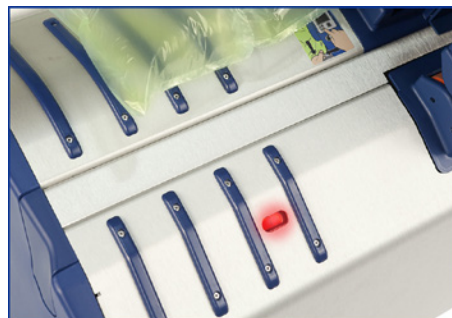

Universal: Versatile

A modular design allows the POWER PAK'R™ system to be configured to run over a conveyor system or in single pack table operations. It can also run on fully integrated pack lines, feeding air cushions to multiple pack stations throughout the fulfillment center. For your large fulfillment center, the same machine will run different air films for void-fill, wrapping, or bracing.

Modular Design Options

- Sheeter
- Pre-Tear

Optical Sensor - Determines cushion length requirements for equal cushion amount every time. Eliminates over-packing.

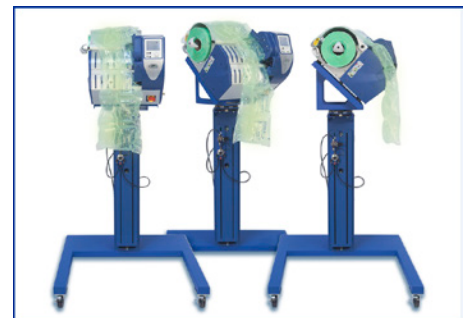

Pre-Tear Option - Pre-tears the cushions for ultimate packaging ease. Effortlessly pull cushions from the machine.

Unique: Easy to Use

With built-in RFID technology, the POWER PAK'R™ machine automatically selects the right seal temperature, air flow and seal pressure for every film. An optional foot pedal adds to operator control. Now it is easier than ever to operate a packaging system. It is easy to load film rolls, and no training is required.

Swivel Mount - Lid opens and swivels allowing quick roll changes. An optional pneumatics kit quickly raises and lowers the machine.

Dimensions: 18"W x 22"L x 16"H **Speed:** 120 LF/Min. **Weight:** 48 Lbs. (22kg)
Film Width: Up to 29.5" (76cm) **Film Blend:** LD, HD, Mixed, Bio, Anti-Stat

Item #	Film Description
FUZDCGBH21	POWER PAK'R EZ Double Cushion, BIO, 1.0 mil, Handle-cut, 2,100 ft, Boxless
FUZDCGBH40	POWER PAK'R EZ Double Cushion, BIO, 1.0 mil, Handle-cut, 4,000 ft, Boxless
FUQMGBH17	POWER PAK'R Quilt Medium Narrow, BIO, 1.2 mil, Handle-cut, 1,700 ft, Boxless
FUSTGBH170	POWER PAK'R Supertube, BIO, 1.2 mil, Handle-cut, 1,700 ft, Boxless
FUPQMAS120	POWER PAK'R PILLOW PAK QM 1.2 mil, Anti-Stat, 30" x 1,200 ft (No i-mark)
